Dear Sir or Madam;

In reference to Richard-Enrique Destroyed laptop.

Please find attached the first letter, the second letter and this third demand request for a replacement of a damaged laptop while in the care of the FBI.

I have not received a response to my first letter or second letter, and this is your final demand for payment.

I am not sure that you are aware of the implications of not restoring this laptop to a useful purpose.

In order for my defense, there is critical data on this laptop that cannot be recovered in the condition it is in. You may want to check with the US Asst. Attorney on the implications.

You are now interfering with my defense which is a constitutional violation of due process.

I have made my requested three times, and you have failed to respond and any way.

The next step is thru court action. Please be aware that any fees and or assistance of counsel fees will be added to your bill.

If you need me for anything, please do not hesitate to call.

Respectfully Yours;

A handwritten signature in black ink, appearing to be "Richard Enrique Ulloa".

Dear Sir or Madam,

In reference to Richard-Enrique Destroyed laptop.

Please find attached the first letter and this second request for a replacement of a damaged laptop while in the care of the FBI.

I have not received a response to my first letter.

I am not sure that you are aware of the implications of not restoring this laptop to a useful purpose.

In order for my defense, there is critical data on this laptop that cannot be recovered in the condition it is in. You may want to check with the US Asst. Attorney on the implications.

If I cannot get to this data, you will be preventing me from properly defending myself, and it will not allow me for a proper defense. I am sure it is a violation of due process.

Please call me in the least and let me know,

- 1- You received my letters.
- 2- You are working on it?
- 3- You don't care and you are not going to replace it?
- 4- I should go somewhere else?
- 5- I should file a Federal Claim in USDC and sue the FBI for it?
- 6- Something, Anything. So I know there is intelligent life on the other side.

If you need me for anything, please do not hesitate to call.

Respectfully Yours;
